## DJ CORY GILES

Brooklyn born native, Cory Giles, has had a lifelong love affair with music that seemingly started as early as birth. As Cory matured, so did his love of music. Then one fateful day, his dreams became a reality when he attained an internship at the legendary Def Jam Recordings. He credits earning that coveted internship to his stellar networking skills and innate knack for music.

After a few noteworthy years (which included stints at Def Jam Recordings and Universal Music Group) Cory took another step forward in his already blossoming entertainment career. In 2012 he joined the Promotions and Programming Departments of the world-renowned radio station 97.1 WQHT, better known as “Hot 97”. There he really grasped that one of the building blocks to success is to always grow your brand. With that in mind, in the summer of 2018, Cory advanced at Hot 97 by joining their “All Mix Weekend” family. In the same year he DJ’ed at the NYC staple, Irving Plaza. Through Cory’s hard work, dedication, and talent he graduated from Scratch DJ Academy in September of that same year.

Shortly after, in December of 2018, Cory earned his very own radio show on Dash Radio’s Dash Mixtape channel called “The Corner.” He not only DJ’s but serves as an on-air personality with co-host Hala Maroc. “The Corner” can now be heard weekly on Dash Radio’s Taste Radio Channel. His efforts earned him his first Mixshow on Dash Radio’s Flagship Hip Hop Channel Dash Hip Hop X.

“

*Cory is a strong and reliable DJ that not only knows how to play the room, but is responsible. I had a great time DJing alongside him.*

...CONTINUED

In June of 2019, Cory DJ'ed for industry titan Sway on his Sirius XM Shade 45 Morning Show "Sway's Universe." After his set, Sway can be heard on air saying to Cory "You're a walking manifestation of a party"- what a compliment! In the same season, Cory opened up for Celebrity DJ Clinton Sparks at the CT Famous Shrine Nightclub as a part of their "Get Familiar Fridays".

2020 proved to be an eventful one for Cory despite the unprecedented state we found the world in. In April, he created a Radio Channel called "Corner Radio" in partnership with the social radio app, Stationhead. Additionally, in June of that year, Cory became an authenticated creator on the music streaming and audio distribution platform, Audiomack. In total Cory had gathered over 100K streams in one year on the Platform (between his "Corner" branded mixtapes, playlists, and his DJ Mixes.) Not to mention, he became a member of Def Jam's Summer Friday's Class of 2020 (which includes legendary DJs such as DJ Enuff and DJ Semtex).

To date, this second-generation DJ has also become a content writer for DJ Record Pool BPM Supreme. His talents and professionalism has led him to spin for major brands such as Louis Vuitton, TAO, Samsung, American Express, and the NCAA. Adding to his impressive resume, Cory has DJ'ed for celebrities: Jack Harlow, John Legend, Quavo (Migos), Luke Combs, Celebrity Radio Host Nessa of Hot 97 and Celebrity make-up artist Charlotte Tilbury, just to name a few.

In July of 2021, Cory became the Official DJ for the WNBA's Connecticut Sun. With Cory on the set the team had a league best 15-1 record at home and a Finals appearance the next year. Last October, Cory was added to the World Famous Shadyville DJs crew, founded by celebrity DJ Whoo Kid. Mr. Giles is destined to be a great DJ all from his love of DJ'ing, dedication to the art, and achieved accolades.

“ Cory was our opening DJ at Red Rabbit on several occasions and was a pleasure to work with. Mainly, due to his professionalism, willingness to take direction and being a team player with our staff. He has a really good musical selection & complimented the headlining DJ well every time. ”

DASH TASTE MUSIC • TALK • CULTURE

Dash Radio was created by the world's biggest DJ's who became fed up with the limitations of regular FM radio (and hate internet playlists that pose as radio powered by soulless computers). Together, we formed Dash with one goal: to provide the best radio platform in the world. This means all the variety you ever wanted with zero commercials... oh ya, all live 24/7, for free. We work hard to provide the best radio experience in the world (seriously, there are live DJ's in our studio right now 24/7) but please tell us what you want to hear, add, or change as we are constantly evolving. If you like what you hear and want to help us grow, tell your friends to join the evolution of radio. Thanks for being down with us on day one.

"Cory Giles is an amazing DJ and MC. We had the honor of having him represent Hot 97 as our event DJ for our annual Football and Life Skills Camp with 2x Super Bowl Champion Jonathan Casillas. Hands down this was the best camp experience in four years. His great energy and mix of today's current hits will for sure be an experience

Kelley Tarver - Publicist Lyme Lite Media

"Cory Giles is a master of preparation. Digging in the crates can be his proverbial sixth sense. Not only does he infuse current hits with all time classics, but his knowledge extends deep. When he is behind the decks you can expect a journey into music."
